Thank you for your interest in our Pfizer-sponsored speaker programs. Pfizer policy holds that we cannot invite excluded specialty-licensed healthcare professionals (HCPs) to our speaker programs. The excluded specialty-licensed healthcare professionals for this program include but are not limited to: Psychiatry, Geriatrics, Obstetric Anesthesiology, Obstetrics, Maternal and Fetal Medicine, Neonatal-Perinatal Medicine, and Veterinarian. If you plan on forwarding this invitation please only send to those HCPs who are not excluded. Thank you for your time and assistance with regard to this request.

If you plan to attend, kindly make every effort to arrive by the designated start time and to remain through the duration of the program. Please be advised that late arrivals may be prohibited from participating in the event.

Notice: This event is conducted in accordance with the PhRMA Code on Interactions with Healthcare Professionals (HCPs) and is limited to invited HCPs and appropriate HCP staff. Attendance by guests or spouses is not appropriate. In addition, Pfizer policy prohibits attendance by HCPs who practice in a specialty for which the relevant Pfizer product does not have an FDA approved indication.

State and Federal Employees: State and federal laws and regulations may limit your ability to receive meals. By attending this event, you confirm that you have obtained any necessary approvals from your employer.

Public Disclosures: The cost of meals provided to U.S. HCPs is subject to Pfizer's national public disclosure policy as well as applicable state and federal law such as the National Physician Payment Transparency Program (otherwise known as "Sunshine"). Pfizer's disclosure allocates the cost of meals equally across all attendees who have not opted out of receiving a meal or have consumed a meal regardless of opt-out status.

State Law Restrictions: Regardless of where you practice or reside, if you are an HCP who is licensed in Vermont, or an employee/agent of a Vermont HCP (e.g., PAs, non-prescribing nurses, etc.), you may not attend any speaker program (in-office or out-of-office) if food will be provided. Vermont HCPs can link or participate in the program but may not be provided a meal. HCPs within and licensed in Minnesota, or an employee/agent of a Minnesota HCP, can attend the WebEx program. However, any meals provided in conjunction (1) can only be in-office meals and (2) must comply with the MN Gift Statute (\$50 annual cap per HCP per calendar year). If you are an HCP licensed in Massachusetts, or an employee/agent of a Massachusetts HCP, you may attend only if this event is being conducted at an in-office or in-hospital setting or, for out-of-office programs, only if the event is being conducted within the state of Massachusetts.
